Quality built family home

Set in a very private, colourful garden, this charming home has been built to a standard, not a price and includes many extras you won't find in most homes. The layout is very functional and includes both formal lounge & dining rooms separate from the open plan family living area adjoining the kitchen which opens onto the verandah and a large, covered deck at the rear. Stairs lead to another deck and double garage and workshop/storage below plus an attractive gazebo built over the water tank, so no shortage of outdoor entertaining areas.

The three good size bedrooms all have built-ins, and the study could be converted into a fourth bedroom if required.
