History, Grandeur and Future Potential in the Center of Town

Positioned on approx. 963sqm, the former 'Jacobs Brick Store' stands testament to Victorian era elegance, now superbly updated to cater to a modern lifestyle. Constructed in 1906 this substantial building has witnessed history unfold within its walls, recent renovations creating the feeling of stepping into a world where classic charm and contemporary luxury meet. Part of the ground floor is the current location of an award winning cafe, with two adjoining multipurpose areas offering the option of extending the commercial aspect or providing further accommodation space. With magnificent formal living spaces on either level, the original staircase leads up to a cosy library nook and window seat, and a gleaming modern kitchen that opens out to a suncatching upper storey deck - the perfect spot to relax and take in views over the rooftops to the surrounding
