Purpose-Built NDIS-Approved Accessible

This purpose-built, NDIS-approved accessible residence has been specifically designed to provide comfortable, functional, and independent living for people with disability, with particular consideration given to wheelchair users. The home incorporates a range of specialised accessibility features that distinguish it from a standard residential dwelling.

Accessibility has been prioritised throughout the property, with widened doorways, generous circulation spaces, and lowered fixtures and fittings to enhance ease of movement and day-to-day functionality. The open-plan kitchen, living, and dining areas have been thoughtfully designed with lowered work surfaces and an accessible layout that promotes independence and practicality.

PRICE

\$780,000 - \$810,000
