Designed for Practicality

This solid brick 4 bedroom, 1 bathroom home is designed for practicality. Inside, the open plan living area provides a comfortable central hub, while outside it's where this property really separates itself.

The enormous rear patio creates a highly usable outdoor zone, and the side access through to a rear workshop adds another layer of versatility, ideal for storage.

Take the time to go for a drive past the property to check out the street, suburb, shops and school if any. We recommend you do this prior to viewing the interior of the property.
