The Lakefront Lifestyle

Some homes simply feel right the moment you step inside, and this one does exactly that. Set directly across from a shimmering lake and leafy parkland, this beautifully designed 3x2 home offers a lifestyle young families dream about.

Imagine slow weekend mornings: sunlight spilling into the master bedroom as you look out over the water, kids racing across the park opposite, and the gentle hum of birdsong drifting in. Inside, the modern open plan layout keeps everyone connected, cooking in the sleek stone topped kitchen, sharing meals in the dining space, or unwinding together in the living area.

All three bedrooms are generously sized, giving children room to grow and parents space to breathe. Built in robes
