AN ARCHITECTURAL HOME WITH SOUL, DESIGNED

Inspired architectural design has created this unique character home, one with a distinctive sense of place, a deep connection to nature and beautiful craftsmanship. These enduring qualities are presented with richness, warmth and light, in a home unlike any other, located just 100m from Hochkins Ridge Flora Reserve.

The home stands proud before a private landscaped front garden, its recycled brick and painted cedar exterior framing walls of windows that blend the indoors with the outdoors. Interiors immediately reveal its distinctive style and clever composition: exposed timber beams, soaring ceilings and earthy tones ground the home in a natural balance that feels both purposeful and peaceful. In floor heating on the lower level is an added luxury for year
