Rare Multi-Dwelling Investment with Strong Income & Future Upside

Davidson Cameron & Co are excited to present for sale this versatile investment opportunity, comprising two recently constructed two-bedroom, one-bathroom units, constructed in September 2025, each complete with its own carport and low-maintenance yard, alongside an original two-bedroom, one-bathroom home positioned at the front of the property.
All three dwellings are separately metered for both power and water, currently returning a combined rental income of $1,180 per week, this property offers immediate investment returns with exciting potential to further enhance its value. With the opportunity to redevelop the front portion of the property by removing the existing house and exploring the possibility of constructing additional units (subject to council approval), to maximise the site's future income and development potential.
