Kick back and relax

Start enjoying the benefits that come from living in a recently painted, fully insulated, low maintenance villa so close to the centre of Penrith, and on those very hot days or cold nights, relax in its ducted air conditioned comfort. With so little to do to make this place yours you'll have plenty of time to treat yourself to a bubble bath or to cook lovely meals in the stunning brand new kitchen. Have your breakfast by the large front window or front patio and enjoy the warmth of the winter sun that the northerly aspect provides and watch the weather roll in over the surrounding tree tops. Take a leisurely stroll into Penrith's CBD or catch one of the buses that stop just up the street and go further afield. What a difference the extra wide, quiet, safe, no through road cul-de-sac makes to getting in and out of the complex whether by car, bike or just on foot. Enjoy the quiet life or make some noise knowing that you are separated from your nearest neighbour by your spacious garage with no near neighbour over your back fence. A great group of owner occupiers in this small set of villas are very friendly and supportive. Call to book your inspection today or come along to Saturdays open house.

SICK OF PROPERTIES SELLING BEFORE YOU GET A CHANCE TO SEE THEM??

If you follow these simple steps that will never be a problem with homes for sale with the Penrith Professionals -go to www.penrithprofessionals.com.au
