## Appealing and unusual layout

### THE OWNER WANTS IT SOLD

The unusual spacious layout makes this property stand out from its competitors.

There is a combined kitchen, dining, family area which adjoins an outdoor entertaining area. This means while in the kitchen you'll still be part of the action when entertaining guests, or keeping a watchful eye on the children playing or doing their homework. It also features a separate lounge. You will appreciate the air conditioner on our hot summer days.

The main bedroom has a walk in wardrobe and en-suite bathroom. The remaining bedrooms all have built in wardrobes.

Your new home is close to transport, shops and schools.
