A whopping 230 metres of living space inside and then, outside the most magnificent outdoor living as well!
With a huge 23metre frontage this 784m² block has room for a boat or caravan too if you have it!
The front facade boasts the poplar bell shaped main bedroom which not only adds a spacious feel, but plenty of room for dressing table or tall boy, tv point and wall mounted bracket, with walk in robe and spacious ensuite with separate w/c.
Off to the right of the entry the added bonus of a separate study, where the tiled floors flow through from the front right through to the open plan living at the rear.
Considered an older style feature but one I love..... a sunken formal lounge/theatre room is then nestled in the middle of the home
The childrens wing boasts really big bedrooms! Kids will be spoilt when they move in with room for at least a queen size, if not king bed in these rooms with built in bedroom 2 and walk ins to both the rear bedrooms that also boast full windows looking out over the back yard.
Through to the central open plan living consisting of meals large family, meal and then overlooked by the huge kitchen!
