SOLD - \$447,000

Just when you started think that all established apartments were the same and somewhat boring and disappointing, a spectacular apartment like this comes on to the market. The complex is only 9 years young and consists of 2 blocks. One block with street frontage, and a 2nd block to the rear with a sunny, north facing aspect which is surrounded by parklands and offering views of the Blue Mountains. This apartment is not only located in the this preferred 2nd block offering stunning views north and west, but it is also the last apartment on the far eastern wing which means is also has amazing uninterrupted park views to the east which allows the home to soak up all the morning sunshine. I encourage you to view the location of the property on google maps to fully appreciate the size of the parklands which surround the complex and understand just how far away the neighbouring dwellings are. The large open plan floor plan is sure to impress and it leads out to a large entertaining sized balcony. The apartment has a dedicated total area of 118sqm's which includes a 17sqm car space. The kitchen has granite bench tops, gas cooktop and oven, brand new dishwasher, stainless steel appliances, and takes full advantage of the magnificent views. Both the bedrooms are spacious and main bedroom has huge windows taking advantage of the views and also has an ensuite bathroom. It has air conditioning and the apartment has recently been freshly painted as well. From the apartment you could walk to Penrith or Kingswood stations, Penrith CBD, Nepean Hospital and multiple schools
